2. Vetting Criteria

- 2.1 Quality assured learning programmes listed on the QR but **NOT** categorised under the insurance industry may cover areas such as Company and Contract Law, Human Resources Management, Accounting, Marketing etc. which relate to the work of insurance intermediaries. Such IRLPs can be recognised as Type 4 Qualified CPD Activities subject to the vetting of the HKCAAVQ.
- 2.2 These learning programmes must have at least 50% of the course contents in terms of QF credits falling within the **Topics for Type 4 Qualified CPD Activities** listed in [Annex 1](#).
- 2.3 Only QF accredited learning programmes which have indicated QF credits on the QR will be eligible for vetting as Type 4 Qualified CPD Activities for licensed insurance intermediaries.
- 2.4 One application should be submitted for each qualification entry listed on the QR. Operators offering learning programme(s) embedded within intermediate exit award(s) or stream(s) listed on the QR as separate entries will need to submit a separate application for each entry.
- 2.5 In general, 5 CPD hours will be awarded for every 1 QF credit in IRLPs. For IRLPs of **three or more QF credits**, a maximum of 15 CPD hours will be awarded for each year of study within the study period for up to six years.
- 2.6 For an individual licensee studying a programme with a study period exceeding one year, a maximum of 15 CPD hours will be awarded for each year of study within the study period for up to six years. For earning compulsory CPD hours on “Ethics or Regulations”, the hours shall be granted according to the date(s) of participation during the course of study. Upon completion of these recognised programmes or a year of study in these programmes, individual licensees can earn:
 - (a) CPD hours; or
 - (b) If the programme is also vetted for recognition as compulsory CPD hours on “Ethics or Regulations”:
 - i. Compulsory CPD hours under “Ethics or Regulations”; or
 - ii. A combination of CPD hours and compulsory CPD hours under “Ethics or Regulations”.
- 2.7 Licensed insurance intermediaries attending these learning programmes will be considered as earning CPD hours within the study period by submitting evidence of examination results, coursework assessment or attendance as required by the Insurance Authority.

- 2.8 For IRLPs approved as Type 4 Qualified CPD Activities, the approval periods will be the same as the Registration Validity Periods of such learning programmes on the QR. Operators are required to apply for renewal of such learning programmes as Type 4 Qualified CPD Activities within one month after obtaining the Accreditation Report issued by HKCAAVQ for successful Learning Programme Re-accreditation. The approval periods shall continue to be the same as the Registration Validity Periods of the learning programmes on the QR.
- 2.9 Operators are required to seek prior approval from HKCAAVQ on change(s) affecting 10% of QF credits or more of the Insurance related course contents at least one month prior to the implementation date of the change(s). For other changes such as those in teaching venues or minimum appointment criteria of teaching staff, no vetting is required but Operator should report the change(s) with evidence of internal or external approval obtained for such change(s) (depending on the accreditation status of the Operator) to HKCAAVQ for records.
- 2.10 Application Forms for vetting, renewal and change are available on the HKCAAVQ website at <https://eportal.hkcaavq.edu.hk/>. Details of the learning programme such as the programme structure, the most up-to-date list of teaching venues and minimum appointment criteria of teaching staff and details of attendance monitoring process are required.
