This accreditation report is issued by the Hong Kong Council for Accreditation of Academic and Vocational Qualifications (HKCAAVQ) in its capacity as the Accreditation Authority as provided for under the Accreditation of Academic and Vocational Qualifications Ordinance (Cap 592) (AAVQO). This report outlines the HKCAAVQ's determination, the validity period of the determination as well as any conditions or restrictions on the determination.

## 1. Introduction

- 1.1 In the academic year 2012/13, the Diploma Yi Jin (DYJ), then known as Yi Jin Diploma, was introduced in replacement of the former Project Yi Jin. DYJ aims to provide an alternate pathway for Secondary Six school leavers as well as adult learners to obtain a formal qualification for the purposes of further study and employment. The Federation for Self-financing Tertiary Education (FSTE) is commissioned by the Education Bureau to develop and administer the programme, and serves as the secretary to the DYJ Programme Management Committee (PMC). The Yi Jin Diploma programme was accredited by HKCAAVQ in August 2013 with a validity period of three years starting from the 2013/14 academic year to be operated by seven member institutions of FSTE.
- 1.2 Following the advice of the Education Bureau to FSTE and its member institutions to award standalone qualifications to DYJ students on successful completion of a SCS-based Elective Cluster/Course, an Elective Course of Hong Kong College of Technology (the Operator) was accredited by HKCAAVQ in June 2015 leading to the SCS-based qualification, Certificate in Beauty Health Care and Weight Management (Elective Course of Diploma Yi Jin).
- 1.3 Based on the Service Agreement, HKCAAVQ was commissioned by FSTE, on behalf of the Operator to conduct a Learning Programme Re-accreditation exercise to assess and determine whether the Certificate in Beauty Health Care and Weight Management (Elective Course of Diploma Yi Jin) continues to achieve the stated objectives and meet the Qualifications Framework (QF) standard at QF Level 3.
- 1.4 The accreditation exercise was conducted according to the relevant accreditation guidelines referred to in the Service Agreement and the Terms of Reference stated therein. A site visit took place on 15 April 2016.
