ACCREDITATION REPORT (SUMMARY)

Hong Kong College of Technology

Learning Programme Accreditation

**Certificate in Beauty Health Care and Weight
Management
(Elective Course of Yi Jin Diploma)**

June 2015

This accreditation report is issued by the Hong Kong Council for Accreditation of Academic and Vocational Qualifications (HKCAAVQ) in its capacity as the Accreditation Authority as provided for under the Accreditation of Academic and Vocational Qualifications Ordinance (Cap 592) (AAVQO). This report outlines the HKCAAVQ's determination, the validity period of the determination as well as any conditions or restrictions on the determination.

1. Introduction

- 1.1 The Yi Jin Diploma (YJD) programme was accredited by the HKCAAVQ in August 2013 with a validity period of three years starting from the 2013/14 academic year to be operated by seven member institutions of the Federation for Self-financing Tertiary Education (FSTE) including the Hong Kong College of Technology (HKCT/the Operator). At the time of the accreditation exercise for the YJD programme, the HKCAAVQ was informed that the FSTE member institutions may propose new and/or revamped Elective Clusters before commencement of each academic year.
- 1.2 For implementation in the 2015/16 academic year, the HKCT proposed an Elective Cluster, Nutrition and Food Hygiene Management [營養與食物衛生管理] which comprises three Elective Courses. One of these Elective Courses, Certificate in Beauty Health Care and Weight Management (Elective Course of Yi Jin Diploma) [美容保健與體重管理 (毅進文憑選修科目) 證書], was developed with reference to the Specification of Competency Standards (SCS) developed by the Beauty and Hairdressing Industry Training Advisory Committee of the Qualifications Framework (QF) and the Qualifications Guidelines for the SCS-based Courses under the QF.
- 1.3 Following the advice of the Education Bureau to the FSTE and its member institutions to award standalone qualifications to YJD students on successful completion of a SCS-based Elective Cluster/Course, this Elective Course of HKCT is to be accredited by the HKCAAVQ leading to the SCS-based qualification, Certificate in Beauty Health Care and Weight Management (Elective Course of Yi Jin Diploma) [美容保健與體重管理 (毅進文憑選修科目) 證書] and to be uploaded separately on the Qualifications Register of the QF. On successful completion of the Elective Course, students of the YJD programme will be awarded the Certificate in Beauty Health Care and Weight Management (Elective Course of Yi Jin Diploma).
- 1.4 Based on the agreement, the HKCAAVQ was commissioned by the FSTE to assess and determine whether the Certificate in Beauty Health Care and Weight Management (Elective Course of Yi Jin Diploma) of the HKCT achieves the stated objectives and meets the QF standard at QF Level 3.
- 1.5 The accreditation exercise was conducted according to the relevant accreditation guidelines referred to in the agreement and the terms stated therein.

2. HKCAAVQ's Accreditation Determination

Having due consideration of the accreditation panel's observations and comments as presented in this Report, the HKCAAVQ makes the following accreditation determination:

Approval

Name of Operator(s)	Hong Kong College of Technology 香港專業進修學校
Name of Award Granting Body	Hong Kong College of Technology 香港專業進修學校
Title of Learning Programme	Certificate in Beauty Health Care and Weight Management (Elective Course of Yi Jin Diploma) 美容保健與體重管理 (毅進文憑選修科目) 證書
Title of Qualification(s) (Exit Award(s))	Certificate in Beauty Health Care and Weight Management (Elective Course of Yi Jin Diploma) 美容保健與體重管理 (毅進文憑選修科目) 證書
Primary Area of Study / Training	Beauty, Hairdressing and Related Studies, Home Economics, Personal Care
Other Area of Study / Training	Not applicable
Industry	Beauty and Hairdressing
Branch	Beauty
QF Level	Level 3

3. Programme Details

The following is the programme information provided by the Operator.

3.1 Programme Objectives

The programme aims at providing a basic knowledge of nutrition and a basic theory of Chinese dietary therapy for beauty care to students. Through the study of nutrition, relationship between body constitutions and dietary treatments, students will have the knowledge and skills to recommend appropriate diets for health, beauty care and weight management according to the constitution characteristics and needs of clients, and make appropriate referrals to clients with complicated body conditions or diseases. In addition, the programmes also aim to help students develop a correct attitude on beauty health care and have the required knowledge to explain food label

information and relevant regulations accurately to clients.

3.2 Programme Intended Learning Outcomes

Upon completion of the programme, students should be able to:

- Understand the basic knowledge of nutrition and Chinese dietary therapy, and have a good knowledge of a healthy diet;
- Understand various types of body constitutions and relevant basic principles of dietary treatments, and the basic theory of Chinese medicinal food therapy for beauty care;
- Recommend customers appropriate diets for health and beauty care and point out desirable and undesirable applications in the process of communication according to their constitution characteristics and needs; and able to advise customers to consult relevant experts in case of complicated body conditions or diseases;
- Master the relationship among beauty-related nutrients, know about common dietary misunderstandings and popular slimming methods; answer customers' enquiries on correct diet that are relevant to beauty care and weight control; and advise customers to consult nutritionists/registered dieticians for complicated questions about nutrition and diet; and
- Maintain a correct attitude and explain food label information accurately to customers or users in health food promotion activities according to relevant requirements of food label regulations on the ingredients, content and functions listed on products.

3.3 Programme Structure

Module Title	Unit of Competency	QF Credit
Know about the relationship among body constitutions, diets and beauty care	BEZZHC316A	
Recommend appropriate diets for health and beauty care	BEZZHC316A	
Understand beauty-related nutrients and common dietary misunderstandings	BEZZCN314A	
Application of the relationship between beauty and nutrition	BEZZCN314A	
Understand health food label contents	BEZZHC312A	
Total		15

3.4 Graduation Requirements

- Achieve an attendance rate of 80% or above; and
- Achieve at least 50% overall mark.

3.5 Admission Requirements

- Students of Yi Jin Diploma programme

4. Substantial Change

- 4.1 Maintenance of the HKCAAVQ accreditation status during the validity period is subject to no substantial change being made without prior approval by the HKCAAVQ.

5. Qualifications Register

- 5.1 Qualifications accredited by the HKCAAVQ are eligible for entry into the Qualifications Register (QR) at <http://www.hkqr.gov.hk> for recognition under the Qualifications Framework (QF). Operators should apply separately to have their quality-assured qualifications entered into the QR.
- 5.2 Only learners who are admitted to the named accredited learning programme during the validity period and who have graduated with the named qualification uploaded in the QR will be considered to have acquired a qualification recognised under the QF.
